### **DYNAMIC FRIENDS,**

We have a bridge to build! DYNAMIC's Staff, Interns and Coaches have been on the front lines with teenagers in our city since 2003. Every day our mission has been to construct bridges to reach at-risk students who need the Lord and lead them to higher ground. There is a constant battle against the darkness that is pulling our students down. We rescue hurting teenagers from "win-at-all-cost tightropes" in their lives that lead to addiction, selfishness, loneliness, and thoughts of suicide. DYNAMIC is the strong bridge to reach at-risk students and equip them to become team leaders. **Can you join us this month to build a life-changing BRIDGE?**

### **Do you see the battle raging against our kids?**

- ^ - 70% of kids are quitting organized sports by the age of 13.
  - # - 57% of teens admitted to viewing porn regularly on their phone. Imagine the actual numbers.
  - # - 27% of teens admitted to receiving sex-texts from people they knew on mobile devices.
  - # - Pornography is a billion dollar per year industry worldwide and they are coming for our kids.
  - \*\* - Teenage depression and anxiety cases in the U.S. are rising exponentially every year, which has led to the highest suicide rate for teens and young adults in U.S. history.
  - & - Currently only 39% of third grade students in Charlotte can read on their grade level.
